

U1 Quiz #1 (Lessons 1-2) (Aug 2026) - Due

Aug 4, 2026 11:59 PM

○ eSummer MCF3ME-21 August 2026 Kanagalingam

This quiz covers content from course selections:

- Lesson 1.1 Introduction to Quadratic Methods
- Lesson 1.2 Factoring Quadratics - Greatest Common Factor

Make sure you can do the following before attempting this quiz:

- Use the Vertical Line Test to determine if a relation is a function
- Calculate First and Second Differences to determine the type of function
- Expanding Brackets
- Determining the Greatest Common Factor between terms
- Factoring Using the Greatest Common Factor

Do not start the quiz until you are ready, as you only get one attempt.

Once you begin, you will have **60 minutes** to complete the task. Answer all questions by selecting the best option. You are ready to start the quiz when you have done the following:

1. Sit in a quiet place where you can focus.
2. Have a pencil, paper, and calculator ready before you begin.
3. Put away any distractions (phone on silent, away from you, but within reach).
4. Have device ready to upload a photo showing all rough work.
