Summary - U2 Quiz #1 (Lessons 1-2: Functions) (Aug 2026)

Quiz Period Not Started Description

This quiz covers content from course selections:

- Lesson 2.1: Investigating function notation
- Lesson 2.2: Determining domain and range

Make sure you can do the following before attempting this quiz:

- Use the Vertical Line Test to determine if a relation is a function
- Evaluate a function for a given value.
- Determine the value of a function from a graph.
- Determine the domain and range of a function given a graph.

Do not start the quiz until you are ready, as you only get one attempt. Once you begin, you will have **60 minutes** to complete the task. Answer all questions by selecting the best option. You are ready to start the quiz when you have done the following:

1. Sit in a quiet place where you can focus.
2. Have a pencil, paper, and calculator ready before you begin.
3. Put away any distractions (phone on silent, away from you, but within reach).
4. Have device ready to upload a photo showing all rough work.
