Summary - U3 Quiz #2 (Lessons 3.3-3.5) (Aug 2026)

Quiz Period Not Started Description

This quiz covers content from course selections:

- Lesson 3.3 - Solving Problems Involving Exponential Functions
- Lesson 3.5 - Financial Literacy: Simple and Compound Interest

Make sure you can do the following before attempting this quiz:

- Understand Exponential Functions' graphs, equations and table of values
- Be able to solve word problems involving exponential growth and exponential decay
- Calculate Simple Interest (with different time/payment periods)
- Calculate Compound Interest (with different compounding periods)

Do not start the quiz until you are ready, as you only get one attempt. Once you begin, you will have **60 minutes** to complete the task. Answer all questions by selecting the best option. You are ready to start the quiz when you have done the following:

1. Sit in a quiet place where you can focus.
2. Have a pencil, paper, and calculator ready before you begin.
3. Put away any distractions (phone on silent, away from you, but within reach).
4. Have device ready to upload a photo showing all rough work.
